### BEAR HOLDS REFUGE.

Knight's Ferry, Or., April 6.—Blacksmith Sam Baugh has had little Wall street experience but nevertheless has learned to eschew the bulls and bears. He went to Postmaster Collins' corral to look at the new Collins bull, forgetting to doff his red shirt. When the bull charged at his shirt, Baugh ducked into a cave on the river bank, only to scramble out again. The bull charged again and he dived back into the grotto, and then back and forth several round trips. "Stay in," yelled Collins, from a tree. "Won't; there's a bear inside." Finally watching his chance, Baugh grabbed the bull by the tail and threw him. Later, the men invaded the cave with guns and got a mother bear and two cubs.

### CHERRIANS DECIDE TO ATTEND FRISCO FAIR

To Arrange Date Later—Will Hold Cherringo and Buy New Banner

The Cherrians, at their meeting last evening, by an almost unanimous vote, decided to attend the Panama-Pacific exposition, although no date was decided upon. The exact time of their trip is to be decided upon by a committee, and this committee is corresponding with the Eugene Radiators, Albany Phasants and Rossmans of Portland hoping to arrange for a date that will be satisfactory for all these clubs.

Although the Cherrians could not attend in a body, the committee having in charge the Dallas-Cello celebration was notified that the Cherrians would be represented when the celebration began May 3.

The Hat committee, composed of George Graves, C. L. Dick, Chas. H. Fisher, W. D. Evans and E. Fritz that cream colored hat with a white blade made their report to the effect border would be a proper hat for the Cherrians this year, and the members were urged to hurry up and send in their sizes, as they would be needed for the Rose show in Portland.

As many of the Salem band expressed a desire to become Cherrians and that the band should be the official band, a committee was appointed to take up this matter. C. L. Dick, W. M. Hamilton and Jas. B. Young are on this committee.

A Cherrian Cherringo was decided upon and the following committee appointed to attend to the show. The committee is composed of Curtis Cross, E. Fitz, Slade, P. E. Mangis, Frank Spears and K. E. Hingus.

The Cherrians feel that as yet they have no appropriate banner, and in order that they should have a distinctive banner with wording and design different from anything seen in this section, a committee, composed of W. H. Hamilton, P. E. Fullerton and Ben W. O'Leary was appointed. This committee is willing to receive suggestions as to wording and design.

Turks Start Trouble. Nish, April 6.—Excitement resulting from the clashes between Serbian soldiers and Bulgarian irregulars had disappeared here today, with receipt of assurance from Sofia that the raids were inspired by Turkey.

Mustapha Effendi, former police commissioner of Constantinople, organized the Bulgarian irregulars and directed the invasion of Serbian territory it was declared today. Officials declare they had learned too, that Mustapha Effendi was in the pay of Germany. The incident will probably be closed with a demand which will be made upon Bulgaria for indemnity.

Rushing Aid to Hungary. Paris, April 6.—Both Germany and Austria are rushing every man that can be spared to the Carpathians to aid in the defense of Hungary according to dispatches from Geneva here today.

An entire German army corps is declared to have been withdrawn from Flanders and is being hurried east over the great German railway systems. Austria is declared to have suddenly withdrawn troops from the Tyrol region and is rushing them forward to aid in the defense of the Czech pass.

Public Money for Sectarian Uses. Editor Capital Journal: The state constitution, article 1, section 5, provides: "No money shall be drawn from the treasury for the benefit of any religious or theological institution." This seems clear enough, but the legislature has evaded it by providing that through the state board of health religious institutions may help themselves to public funds. The appropriation for this purpose by the last legislature is scorned from the referendum by the emergency clause, so the secretary of state's office informs me. However, there is left to us a remedy for the future: Amend the state constitution so it will read: "No money shall be drawn from the treasury for the benefit of any private, sectarian, religious or theological institution." It is not likely that that sect which is noted for coveting public money could squeeze through such an amendment into the public crib.

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

### ALLIES START SERIES OF ENGAGEMENTS SAYS WAR OFFICE REPORT

French Begin Attempt To Sever German Lines of Communication

By William Philip Simms. Paris, April 6.—A series of important engagements is now being fought in the woods between the Meuse and the Moselle and east and southeast of Verdun, the war office announced today. Distinct progress is reported on the Meuse heights where the French have been directing a determined offensive. The attack, having for its object the piercing of the enemy's line near St. Mihiel, cutting the line of German communication is being pressed with the utmost vigor.

Southwest of Vanquois and south of Varennes, the French have gained a foothold, the statement today announced. Artillery is now being brought up in support of a new offensive movement.

German Trenches Destroyed.

London, April 6.—The destruction of 100 yards of German earthworks and the development of marked superiority of British troops over the enemy in the vicinity of LaBassée is reported by Field Marshal Sir John French, commander-in-chief of the British forces today. In his regular statement to the war office the field marshal declared: "The British troops near LaBassée have gained victories in the recent fighting which show marked superiority over the enemy and hence are of great military value."

On Saturday, French stated, the British exploded mines which destroyed 100 yards of German earthworks. In retaliation the German artillery above LaBassée opened a heavy bombardment. Surprise attacks are attempted each night in this region by both sides, the field marshal declared.

The increased activity of the French is believed to be a ruse to prevent the Germans from withdrawing forces from France to reinforce the Austrians now engaged in the Carpathians. Several French regiments are declared to have been slaughtered by German artillery in attempting to take positions near Flirey. In addition the Germans continue to hold their positions, while the French are reinforcing for fresh assaults.

No important developments are reported from the eastern theatre.

Bombardment of Smyrna.

Athens, April 6.—The bombardment of Smyrna was resumed by the British fleet today, a private message received here declares.

The bombardment was preceded by the appearance of British hydro-aeroplanes which reconnoitered above the Turkish positions and dropped bombs upon the forts, the messages here declared. A battleship and destroyers then appeared off Chios Island, conveying a transport. They bombarded Forts Kastro and Diodeffa vigorously. The transport carried aeroplanes and a great number of troops, it is declared. Following the bombardment the vessels steamed out toward the Gulf of Smyrna.

### JURY FAILS TO REACH VERDICT IN ROSS CASE

All Night Session Ends In Disagreement—Lee Hung Is Discharged

After an all night session the jury in the case of the state against Claud O. Ross, charged with rape, was unable to reach a verdict, and reported a disagreement in the circuit court before Judge Keely. The case went to the jury a little after five o'clock yesterday afternoon. Ross was taken back to the penitentiary where he is now serving a sentence for forgery.

Lee Hung, the Chinese cook, charged with adultery, was dismissed upon the grounds of insufficient evidence upon motion of District Attorney Ringo. The woman in the case is Mary Knighton, a well known character about the city who became the mother of a yellow infant and charged Lee Hung with being the father of it. Part of the time this morning was spent in hearing motions and demurrers and then the selection of the jury in the case of Bogart against Park was begun.

The open season for marriage licenses has begun at the office of the county clerk and three were issued yesterday afternoon and this morning. E. O. Rinderman, a Salem attendant, and Carrie D. Leslie also of this city secured a matrimonial permit and Harold E. Russell, a laborer of Marion and Elizabeth D. Coffer of this city were the second pair. Walter Dexter, a farmer, of Lynden, Washington, and Ethel L. Hixson a Salem clerk also signed up.

A suit for divorce was filed in the circuit court of this county today by Grant Butcher against Ellen Butcher. After 20 years of married life the defendant developed a habit of administering severe "tongue lashing" according to the allegations of the complaint. The plaintiff suffered humiliations thereby and caused the grounds for basing the charges of cruel and inhuman treatment. The couple were married in Nebraska in 1894 and no children have been born to the union.

### Eight Opinions Handed Down by Supreme Court

Eight opinions were handed down by the supreme court this morning in all of which the decisions of the trial courts were affirmed, the reversal being in a case involving the taxing of costs. Petitions for rehearing were also denied in two cases heretofore decided. The titles of the cases in which opinions were rendered follow:

Columbia Engineering works, appellant vs. Frederick B. Mallor, respondent; appealed from Multnomah county; decree of Judge Gatebaker for defendant affirmed by Justice Harris.

J. C. Windsor, appellant, vs. George C. Maurer et al. appealed from Multnomah county, suit to vacate cancellation of judgment, opinion by Chief Justice Moore, Circuit Judge Davis' decision for defendant affirmed.

Joel Nomi, administrator of estate of Oscar Laine, deceased vs. Stanley Smith I under company, appellant, appealed from Hood River county, action for damages for personal injuries, opinion by Justice Benson, Circuit Judge Bradshaw's decision for plaintiff affirmed.

Kittie Brown vs. Farmers & Merchants National Bank, of Eldorado, Kansas, appellant, appealed from Douglas county, involving title to real property, suit dismissed, opinion by Justice Burdett.

Bank of Graham, appellant, vs. L. Walsh, appealed from Multnomah county, action on a promissory note, opinion by Justice Bean, Circuit Judge McGinn's decision for defendant affirmed.

A. A. Cunningham, appellant, vs. J. C. Friendly, appellant from Multnomah county, involving cost bill, opinion by Justice Eakin, Circuit Judge Gatebaker's decision for defendant reversed.

Cousins of Mary Rociff, deceased, appellants, vs. Mary Ann White et al. appealed from Multnomah county, suit to construe a will, opinion by Justice Eakin, Circuit Judge Gatebaker's decision in favor of defendants affirmed.

Petitions for rehearing were denied in McGinnis vs. Strickbaker Corporation, Bernam vs. Lockhart.

### Dr. Lee, Rector of Fashionable Church, Heals

Los Angeles, April 6.—Rivalling the miraculous cures of the European states and reviving an ancient rite of the church of England, forgotten for more than 100 years, Rev. Baker P. Lee, rector of the fashionable Christ Episcopal church here, declared today that he is healing the sick, the halt and the blind by the laying on of hands and the anointment with sacred oils.

Dr. Lee is well known on the Pacific coast and has been rector of Christ church for many years. In the summer campaign to make California dry he was opposed to the proposed prohibition amendments as drafted.

More than 250 men and women, disciples Dr. Lee, have been healed before the altar in Christ church within the last four weeks.

This is the first time in the history of America that such a healing service has been introduced into the Episcopal church. It was brought back from England by Dr. Lee and his wife, who on their recent trip abroad, found that the long forgotten rite had been received in a small Episcopal church near London with marvelous results.

Already the Episcopal church in Philadelphia is considering this healing service, according to Christ church members.
